

INSTRUCTIONS:

1. Remove a small piece of fiberfill and stuff the arms, legs and head of the bear until they are filled up. It's helpful to use the eraser end of a pencil to push the stuffing into the arms or leg.

2. Put more fiberfill until the torso is also filled.

Note: You want to put enough fiberfill so that the bear can sit without sagging.

3. Seal up the bear by closing the Velcro on the back.

4. Tie a ribbon around the bear's neck and make a bow.

Optional: use vest pattern on the back of these instructions to make a vest for your bear using a scrap piece of fabric.
